Subject: Notice of Preparation for City of Modesto/Modesto Irrigation District's Joint
2010 Urban Water Management Plan

In accordance with the Urban Water Management Planning Act (California Water Code Sections 10610 to 10657), urban wholesale and retail water suppliers are required to update their Urban Water Management Plan (UWMP) and submit it to the California Department of Water Resources (DWR) no later than July 1, 2011. The City of Modesto (City) and the Modesto Irrigation District (MID) are preparing a Joint 2010 UWMP for submission to DWR.

The City and MID are currently reviewing their previous Joint 2005 UWMP and other available water supply planning documents in preparation for the Joint 2010 UWMP. The City is also reviewing data to calculate its interim (2015) and final (2020) per capita water use targets to comply with the Water Conservation Act of 2009 (SBx7-7) which requires a statewide reduction in per capita water use by the year 2020. The determination of these per capita water use targets for the City will be documented in the City/MID Joint 2010 UWMP.

We invite your participation in this process. A separately noticed public hearing was held by the City on February 22, 2011 to discuss and consider adoption of the SBx7-7 per capita water use targets. A draft of the Joint 2010 UWMP will be made available for public review, and public hearings will be scheduled in the spring of 2011 at both the City Council and MID Board of Directors meetings to discuss and consider adoption of the Joint 2010 UWMP.

If you would like more information regarding the City of Modesto/Modesto Irrigation District Joint 2010 UWMP, please contact either:

AND OTHER STAKEHOLDERS ON MARCH 23, 2011
(SEE ATTACHED STAKEHOLDERS LIST)**

NOTICE

**CITY OF MODESTO AND MODESTO IRRIGATION DISTRICT
2010 JOINT URBAN WATER MANAGEMENT PLAN UPDATE**

DATE: March 22, 2011
TO: All Interested Parties
FROM: Jim Alves, Associate Civil Engineer
SUBJECT: 2010 Joint Urban Water Management Plan Update

Water purveyors within the State of California are required to review and update their Urban Water Management Plans every five years. The City of Modesto and the Modesto Irrigation District are conducting a joint effort for the 2010 Urban Water Management Plan by submitting a single plan document for both water purveyors. As part of this process, the City of Modesto and the Modesto Irrigation District are required to notify Stanislaus County and agencies within the County of this planned update at least 60 days prior to the proposed public hearing (California Water Code §10621).

By State law, the City of Modesto and the Modesto Irrigation District must adopt the final plan by July 1, 2011 (California Water Code §10608.20)

If you have any questions or comments regarding the update of the City of Modesto and Modesto Irrigation District 2010 Joint Urban Water Management Plan, please contact either:
